

Upcoming Events

Professional Development Day

Mark your calendars for this year's PD day to be held November 22nd at the Best Western Wayside Inn.

Back by popular demand is none other than the legendary speaker Bruce Lee.

The course topics for the PD Day are:

Morning: 9:00 to 12:00
"Speed Reading & Memory Tips"

Afternoon: 1:00 to 4:00
"Time Management & Meeting Mastery"

The PD day will conclude with an evening dinner presentation by Energy Alberta on planned developments in the nuclear energy sector here in Alberta.

To register or request further information contact branch member Kendal Koroscil by phone at (780) 871-8217 or by email at Kendal_Koroscil@admworld.com.

2008 AGM/President's Visit

Join us again for the VRB's Annual General Meeting on Thursday, January 31, 2008. Members will have an opportunity to meet the new executive members of their local branch as well as meet APEGGA President John McLeod, President-Elect Gordon Williams, and Executive Director Neil Windsor. A mail-out complete with sign-up info will be issued in early 2008.

Cold Lake Air Base Tour

On September 27th, APEGGA members from the VRB met up with engineering comrades from the Lakeland branch for a tour of the 4-W Cold Lake Air Force Base. The AETE staff and fighter squadron personnel took time out of their busy schedule to provide a full day of activities including on-base transportation, presentations, walk-thrus, and Q & A sessions for the home of Canada's premiere military testing and training facility. The highlight of the tour was sitting in the cockpit of the F-18 pictured below.

APEGGA members from the Vermilion River and Lakeland branches line up for a group photo in front of an F-18 fighter jet at the Cold Lake Air Base.

Volunteers Needed

We at the VRB executive are recruiting volunteers to help plan and execute relevant and exciting functions and community events; in particular, this coming January and April we plan to host Science Olympics as part of the local high school's science curriculum. If you are interested in taking on an active role in your professional organization to raise the profile of engineers, geologists, and geophysicists in the community, please contact Andrew Montes by phone at (306) 825-1211 or at Andrew.Montes@huskyenergy.ca.
