APEGGA Summit Awards® Recognize Engineering and Geoscience Excellence

Calgary – Hundreds of individuals in the engineering and geoscience communities honoured their peers at the 2009 Summit Awards® Gala, Thursday, April 23 at the TELUS Convention Centre. The event, hosted by The Association of Professional Engineers, Geologists and Geophysicists of Alberta (APEGGA), acknowledges outstanding individuals for their accomplishments in engineering, geology and geophysics.

Now in its 19th year, the Summit Awards® recognize excellence across a broad range of engineering and geoscience endeavors and salute the efforts of these professionals as they work to ensure public safety and well-being. Summit Award® recipients are leaders who have a significant positive impact upon Alberta.

Twelve awards were presented this year celebrating superior leadership, early accomplishment, environmental sustainability, technical and educational achievement, mentorship, professional and community service, project innovation and distinguished service to the Association.

Established in 1920, APEGGA is responsible for regulating the practices of engineering, geology and geophysics in the province of Alberta. The Association's more than 54,000 members play a significant role in every segment of the economy, and their technical and management expertise ensure Alberta remains at the forefront of technological innovation.
