Local Teacher Receives Award for Making School Cool

Bonnyville – Brian Walsh, a math teacher at Ecole Notre Dame High School, is one of 19 teachers across the province to be presented with a 2010 Teacher Award sponsored by The Association of Professional Engineers, Geologists and Geophysicists of Alberta (APEGGA). At a surprise presentation, Walsh will receive a cheque for \$2,000 to be used to promote science and math education in the school.

Location: Ecole Notre Dame High School
5006 49 Ave
Bonnyville, AB
Date: Friday, June 11, 2010
Time: 10:10 a.m.

“Math class flies by when Mr. Walsh is teaching. Because of Mr. Walsh, I have been more successful in math,” writes a student. “Mr. Walsh has been teaching math at my school for more than twenty years; you can tell he still loves to do it and wants to be there,” writes another student.

The APEGGA Teacher Awards program celebrates math and science teachers in elementary, junior and senior high schools for the excellence they demonstrate in shaping the intellectual and creative development of students and for their outstanding efforts to Make School Cool.

“APEGGA and its members recognize the vital role teachers play in sparking interest in science and math at a young age,” says APEGGA President Kim Farwell, P.Eng., MBA. “To encourage math and science teachers in shaping the intellectual and creative development of students, we increased the number of Teacher Awards recipients from 16 to 20.”

Established in 1920, APEGGA is responsible for regulating the practices of engineering, geology and geophysics in the province of Alberta. The association’s over 57,000 members play a significant role in every segment of the economy, and their technical and management expertise ensure Alberta remains at the forefront of technological innovation.
